

Manifest Love Farmer & Distribution Assistant Job Posting Full-Time Position

Round the Bend Farm (RTB), a Center for Restorative Community, is located in South Dartmouth, MA and is a 115-acre working farm and educational non-profit. **Our non-profit mission: We are a living laboratory that cultivates, educates, and empowers people of all ages. We are devoted to the global paradigm shift toward hope and abundance by valuing diversity, modeling nature, and redefining wealth.** RTB is seeking an experienced, passionate, and motivated individual to join our team as a full-time **Farmer & Distribution Assistant** for our **Manifest Love** program. We are accepting applications until **JANUARY 20, 2025**. Anticipated start date of employment is late March/early April 2025.

JOB DESCRIPTION

As our **Manifest Love** (ML) Farmer & Distribution Assistant, this position requires a highly motivated and energetic individual- someone who is passionate about RTB's mission and local food systems. This employee will work closely with our **Manifest Love** team in all aspects relating to vegetable production, land management, packing, and distribution for our **Manifest Love** program. The ML Farmer & Distribution Assistant will be expected to keep farm work and all steps of the distribution process happening at an efficient pace. It is expected that this employee will participate in the overall mission of RTB.

Manifest Love - a collaboration between RTB, YWCA Southeastern MA, Youth Opportunities Unlimited (Y.O.U.), NorthStar Learning Centers, and Sacred Birthing Village - is a free, weekly food share program serving approximately 150 families in New Bedford and Fall River. Share contents are grown on approximately 5-acres at RTB and occasionally gleaned from nearby farms. The **Manifest Love** distribution season is approximately 30 weeks, roughly from mid-May to mid-December.

At RTB, we use a synthetics-free farming philosophy, rooted in regenerative relationships and a mix of biodynamic, permaculture and soil remineralization practices. We emphasize sustainability, natural relationships, ecological vibrancy and working in ways that mirror our mission of **valuing diversity, modeling nature, and redefining wealth.**

Working specifically under the direction of the **Manifest Love** Farming Manager and **Manifest Love** Distribution Coordinator in a daily capacity – and in concert with our extended RTB team and community volunteers – this position will be involved with all aspects of growing, harvesting, packing, and distributing agricultural produce for our **Manifest Love** program. Duties may include, but are not limited to the following: seed sowing, greenhouse and nursery care, soil & field preparation, transplanting, weeding and cultivation, perennial and tree care, harvesting, seed saving, propagation, food storage, food processing, preparing produce for distribution (harvesting, washing, bagging), and delivery of **Manifest Love** food shares to partner organizations. Winter tasks may include, but are not limited to: food processing, supporting education initiatives for the **Manifest Love** program, and various duties that support the multifaceted nature of our non-profit organization.

While not a primary focus, this position will at times (when needed) act as a liaison with the RTB educational team to support in ongoing tours, demonstrations, direction and educational contexts and activities for visiting students and the general public.

To a great degree, the above work will be performed outdoors (directly in the garden systems); however, this position may also include participation in shared community cooking, post-harvest processing & preservation, monthly Open Farm Days, and occasional support of other farm projects & events as needed.

This work will be physically demanding and challenging, but also grounding, nourishing and rewarding. We aim for a 40-hour per week commitment, however natural variations in seasonal workload and conditions will require **openness and flexibility** around work hours in the high season– some days may naturally run longer than others, though never excessively.

CANDIDATE PREFERENCES

As an organization that strives to value diversity in all that we do (it's even part of our mission!), we take extra care and place extra value in continuing to diversify our team.

Candidate preferences include the following:

- At least 1-3 seasons of agricultural production experience (farmwork, apprenticeship/ internship, campus farm, or relevant farming/gardening exposure)
- Commitment to working in the scope of RTB's mission (*preference may be given to those who have an active interest in environmental and social justice issues pertaining to both local and global food systems*).
